

## PIT-UN Thematic Working Groups

### Session Title: Development of PIT-UN Mission, Values, and Goals

#### Discussion Leaders

- Francine Berman (UMass Amherst)
- Michael Delli Carpini (UPenn)
- Susan Graham (UC Berkeley)

#### PIT-UN Mission and Vision Statements

- **Mission:** “To cultivate and develop an area of inquiry, education, research, and practice that positions the next generation of students and individuals to design, build, and govern new technologies to advance and protect the public interest.”
- **Vision:** “PIT professionals and the PIT ecosystem centers equity and justice in technology design and implementation such that both public policy and corporate strategy works for all, particularly the most marginalized.”

#### Conversation Prompts

1. Are the mission, values, and goals/strategies of PIT-UN as articulated clear? Appropriate? Complete?
2. What should be the primary goals of PIT-UN over the next two years, and what concrete actions can we take to achieve these goals.
