Session Title: NFTs, Blockchain, & Future of Money/Work

Discussion Leaders

- **Dr. Dan McCloskey**, professor, College of Staten Island, CUNY
- **Efren Andaluz III**, muralist/media artist
- **Dontaé Hawkins**, performer, director, producer, artist

Conversation Prompts

1. Can NFTs and cryptocurrency empower artists to have more control over how their art is distributed?
2. How do we monetize labor in non-exploitive ways? How do alternative economies shape how we think about educational achievement and credentialing? Are colleges equipped to support/survive a gig economy?
3. As workplaces become a hybridization of humans and machines, how do we organize for health and safety on the job?
