

## PIT-UN AFFINITY AREAS: MEASURING IMPACT, ENSURING EQUITY, SUSTAINABILITY & GROWTH

### Session Title: PIT in Action: PIT Students Take the Lead

#### Discussion Leaders

- Julian Brave NoiseCat, Artist and Keynote Speaker
- Noha Hazzazi, Computer Science, Howard University
- Mihir Kshirsagar, Tech Policy Clinic, Princeton University

#### Conversation Prompts

1. The first part of this session will be in conversation with Julian Brave Noisecat, one of our keynote speakers for our event. He will discuss his own journey as a climate justice activist. We will ask him to share some strategies for amplifying student voices and being a leader.
2. As a group we will discuss: How can students best drive how PIT is defined and how PIT-UN develops and grows? Feel free to share any PIT-related experiences you may have had and how that relates to things that you are passionate about.

#### Join the PIT Student Discord

Students interested/involved in PIT at our member institutions are encouraged to join our [student Discord](#) for exclusive virtual access to this session.
