## 2023 PIT-UN Year 5 Network Challenge Grant Application Please select the institution that will be identified as the Primary Institution Is your institution a 2019, 2020, or a 2021 Grantee 2019 Grantee 2020 Company 2022 Grantee 2022 2022 Grantee ☐ Has your institution submitted completed grant final reports to Arabella Advisors? \* No. Our grant project is Yes, we have submitte complete, but have NOT all grant final re No, our grant project is sent final reports not completed By checking this box, I understand that our institution cannot request a renewal (expansion) for any grant we have an active extension and that extended project has not been complete by the end of the application window. By checking the box, I understand the active extensions to our institutional grants limits the number and type of applications our institution can submit.

Projects ineligible to apply for funding in this challenge are Year 2-2020 & Year 3-2021 & Year 4-2022 (/forms/initial/edit/40eb680b-cfe2-4a84-9e0c-d34e10a24f35) Network Challenge Projects that have not submitted their projects final reports (narrative and budget reconciliation)

The answer to the next question will be used to create a unique identifier for this submission and project. The unique identifier in this step will follow the application form submission through grant management and project reporting if accepted.

We need all submissions to follow the same naming convention, Member Institution code from the chart below **HYPEN** Type of submission (N=new, E=Expansion) **AND** if the project a color is a (DS=Data Science\*\*) **SPACE** Submission Name.

You MUST start your proposal with the recognized 3 or 4-letter institution abbreviation associated with your institution (view the codes in the chart below)

EXAMPLES OF PROPOSAL - PROJECT NAMING CONVENTION

- **New Project Example:** My university is the Colorado Community College System (CCCS) and this will be my first submission of a data project titled *Data nomalies in Justice*. My proposal submission name would start with **CCCS-N Data Anomalies in Justice**.
- **New Data Science Project Example:** My university is the University of Mississippi (UMIS) and this will be my first submission of a new project formy institution the title *Exploration of AI Data in PIT*. My proposal submission name would be **LIMS-NDS Exploration of AI Data in PIT**
- Expansion/Scale Project Example: Wy university is the University of New Mexico (UNM) and this will be my third submission that is an expansion of a previous project with the title Fellowships in PIT Environmental Justice. My proposal submission name would be UNM-E Fellowships in PIT Environmental Justice.

\*\*The difference between daya projects and data science projects:

- **Data projects** use that to solve problems and spot trends. They work with the data as a snapshot of what exists now, Data analysis collects, stores, and maintains data and analyzes results.
- Data science projects use algorithms and machine learning to improve the ways that data supports organizational goals. Data scientists model data to make predictions, identify opportunities, and support strategies. They use data to understand the future.

# Add the Principal Investigator to this Application within the Submittable Platform

We ask that you please add the <u>Principal Investigator to this application</u> (https://submittable.help/en/articles/3654810-how can-i-invite-people-to-collaborate-with-me-on-a-submission) as a Collaborator so we can maintain contact with them throughout the grant application and throughout the grant period. Follow the directions below to add the Principal Investigator to this application.

In the upper right-hand corner of this application, you will see a link Invite Collaborators. Click on Invite Collaborators. A Dialog box will appear, asking you to enter the email addresses of your collaborators. Enter those addresses, then click Invite.

Invited collaborators will receive an email, letting them know you've invited them to collaborate on a draft (/forms/initial/edit/40eb680b-cfe2-4a84-9e0c-d34e10a24f35) submission using Submittable.

After you've sent invitations to collaborate, you can click on the **Invite Collaborators** link again anytime to see the status of your invitations. In the row for each invitee who has not yet accepted their invitation, you will see a **Pending** indication. There will also be a trash can next to each person's name so that the Submission Owner can remove anyone that they no longer want to collaborate on the submission.

The **Submission Owner** is always the person who has sent invitations and will be the only user who can submit the application after it is completed by the group. **Collaborators** will be able to contribute responses and save drafts at any time.

Please select the Principal Investigator's Institution (This will also be able to contribute response).

Please select the Principal Investigator's Institution (This will also be the institution that will be considered the Fiscal Manager for the grant) \*

Select...

A person may be listed as the Principal Investigator (PI) on on control Challenge application, but individuals may be listed as collaborators on multiple applications.

Please add the primary Principal Investigator's name \* nork challer

First Name

Last Name

A person may be is ed as the Principal Investigator (PI) on only one Challenge application, but individuals may be listed as collaborators on multiple applications.

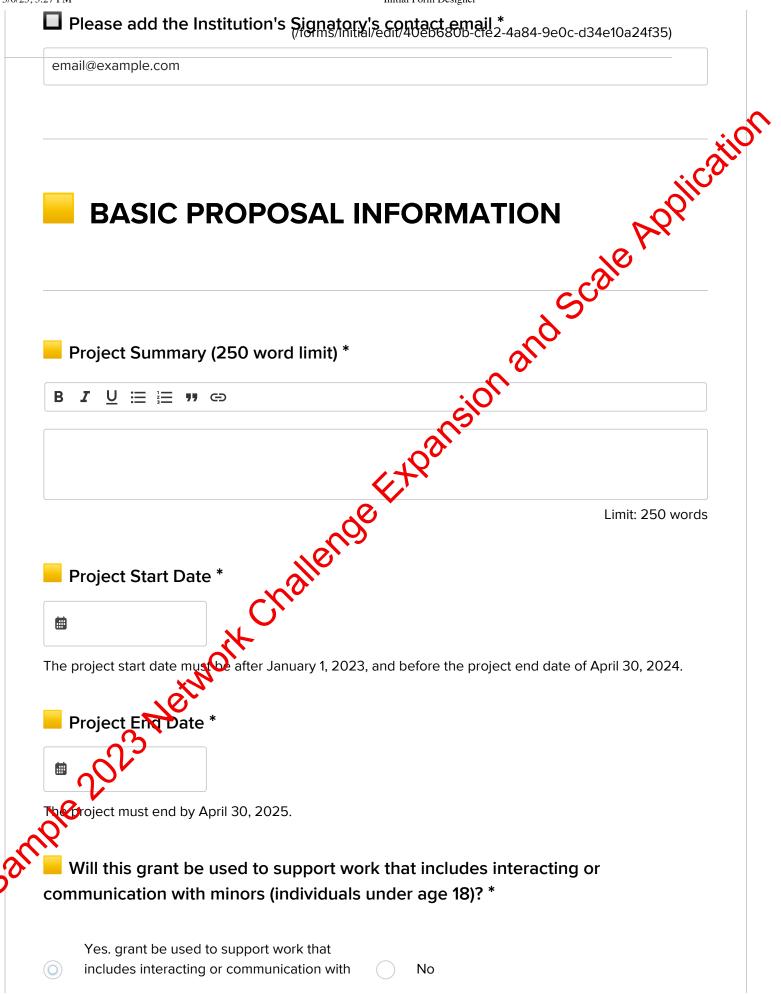

Please add the Principal Investigator's title and department for the project on application (10 word limit) \*

Limit: 10 words

Please add the Principal Investigator's email \*

minors (individuals under age 18) (/forms/initial/edit/40eb680b-cfe2-4a84-9e0c-d34e10a24f35)

If your project will include interacting or communicating with minors (individuals under the age of 18) you are required to submit the NVF Child Safeguarding Policy Information Sheet and acknowledge that you have done so.

NVF Child Safeguarding Policy Information Sheet *
Choose File  Upload a file. No files have been attached yet.  Acceptable file types: .doc, .docx, .odt, .pdf, .rtf, .txt, .wpd, .wpf, .epub
Choose File
Upload a file. No files have been attached yet.
Acceptable file types: .doc, .docx, .odt, .pdf, .rtf, .txt, .wpd, .wpf, .epub
NVF Child Safeguarding Policy Information Sheet can be found on the <b>PITcases.org site</b> (http://pitcases.org/2022-challenge)
▲ I acknowledge that I have uploaded the NVF child Safeguarding Policy
Information sheet. *
Yes
Will any part of this grant funding be used to conduct lobbying as defined by
federal tax law? *  O Yes  No

## PROJECT INFORMATION

sals that received funding from the PIT-UN Challenge in 2019 and have received two (2) additional ars of funding in 2020 and 2021 are not eligible to apply for additional funding.

Proposals that received funding from the PIT-UN Challenge in 2019 but only received one year of additional funding in either 2020 or 2021 may apply for additional funding this year to continue and/or scale their project.

#### 

The Challenge Fund recognizes that proposals for projects with significant data collection and interpretation will be characterized as Data Science projects that may require expert evaluation/review.

Therefore, if your proposal falls under the definition of Data Science, you will be asked to answer an additional set of questions as indicated. **Note Data Science projects will not receive special or additional consideration and will not be prioritized above other**

Acceptable file types: .csv, .doc, .docx, .odt, .pdf, .rtf, .txt, .wpd, .wpf, .gif, .jpg, beg, .png, .svg, .tif, .tiff, .epub, .zip PROJECT NON-PRIMARY INSTUTION COLLABORATORS, AND ADMINISTRATIVE OFFICERS' **INFORMATION** What is the difference between a collaborator and a partner? A collaborator has an agreed-upon way to make decisions yet operates independently? Collaborator has complete control over the individual resources they bring to the table and individuals retain their autonomy. In a partnership, there is a formal clasionship defined by different partnership arrangements (MOU, MOA, Letters of Commitment) where there is more of a co-mingling of resources. Individuals retain their authority and a separate structure is developed to oversee or manage the engagement. A person may be listed as the Principal Investigator (PI) on only one Challenge application, but individuals may be ligger as collaborators on multiple applications. Proposals that are a collaboration between two or more universities should submit one single application, explaining the pature of the collaboration in their application. Does this proposal have any non-primary institution collaborators? \* Yes No

Collaborator 1 Name \* First Name Last Name Collaborator 1 Email \* email@example.com Do you want to add another non-privary institution collaborator? Metwork Challer Yes

## PROJECT INFORMATION, OBJECTIVES, PLAN, OBJECTIVES, AND DELIVERABLES

Roposals with a Significant Data Science Component

The Challenge Fund recognizes that proposals for projects with **significant data collection and interpretation** will be characterized as Data Science projects that may require expert evaluation/review.

Therefore, if your proposal falls under the definition of Data Science, you will be asked to answer an additional set of questions as indicated. **Note Data Science projects will not receive special or additional consideration and will not be prioritized above other** 

I am submitting a Challenge proposal for: \*

A New Project

Additional Funding to expand or scale an existing Network Challenge project

\*Note: Proposals that received funding from the PIT-UN Challenge in 2019 and have received additional funding in both 2020 and 2021 are not eligible to apply for additional funding this year continue and/or scale the project.

Proposals that received funding from the PIT-UN Challenge in 2019 but only received one value of additional funding in either 2020 or 2021 may apply for additional funding this year to continue and/or scale their project.

Describe your project in one (1) sentence--Elevator Pitch (25) word limit) \*

Limit: 25 words

## Project Plan for Expansion and/or Scale Project Plan

Describe your proposed project, including:

- 1. Objectives
- 2. Method and process to meet these objectives
- 3. Evaluation plan with measurable outcomes and/or indicators of success
- 4. How will you design the project's next year(s) for community involvement, feedback, and shared ownership of the project?
- 5. To the extent that you can respond at this juncture: How do you intend to build on your accomplishments to date and learn from missed opportunities in a potential second or third year?
- 6. Timeline

Limit: 750 words

Describe your proposed project, including:

Limit: 200 words

## EQUITY, DIVERSITY, AND INCLUSION

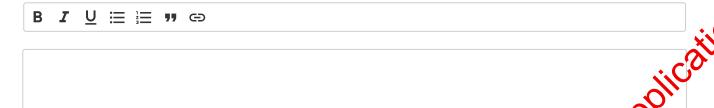

You will be asked to answer he following questions to the fullest extent you are able.

Question 1: Please (prime or describe the target community of your project (250-word maximum)

Question 2: Please describe how the demographics of those benefiting from the project compare to the demographes of the larger population in that (often geographic) area.

- **What**are the major barriers to equity and access related to Public Interest Technology, as your institution and project team undertake the proposed project?
  - In what ways will your project's objectives and method address those barriers?
- Describe how the proposed project will conduct recruitment, engagement, and retention activities of historically excluded communities.
- · What sources of bias is this project subject to? What mitigation strategies will be employed to combat bias and generate more equitable outcomes?
- What record do you have of serving ethnically, racially, socioeconomically diverse, and underrepresented populations? If not yet in place, describe how you would use this funding to engage, serve, and collaborate with those populations in ways that are informed by best practices.

### QUALIFICATION AND CAPACITY Output Ou

Please provide an answer for all of the following questions:

- e Applicatio What experience or prior work among project team members demonstrates deep knowledge of the field of Public Interest Technology and/or other fields relevant for your proposed project?
- Why are you and your institution well-positioned to undertake this project?

Please provide an answer for all of the following questions: What perience or prior work among project team members demonstrates deep knowledge of the field of Public Interest Technology and/or other fields relevant for your proposed project? Why are you and your institution well-positioned to indertake this project? (300 word limit) \*

Limit: 300 words

## INSTITUTIONAL SUPPORT AND BUDGET DESCRIPTION

In this first section, you will input the total budgeted amount for the major categories (eg: salaries, travel, community our ort, etc.) of expenses in the proposed budget.

In the section, you will summarize the major expense categories (e.g.: salaries, travel, community support in the proposed budget. You will also describe how the project budget support plans for nstitutionalizing the project after the grant period ends.

Additional Questions you will have to answer for specific proposals:

- For proposals requesting up to \$90,000 only: How has your university or institution demonstrated buy-in for your project that will help sustain the project's impact?
- For proposals requesting between \$90,001 and \$180,000 only: What specific commitments from your university do you have to support your project and sustain its impact?

3/6/23, 3:27 PM Initial Form Designer

In the final section of the Institutional Support and Budget Summary, you will upload a budget following the attached New Venture Fund template (found on <u>PIT cases.org/challenge/RFP APPLICATION FORMS</u> (http://pitcases.org/2022-challenge)) Include any funds that you intend to contribute from your institution or other sources.

New Network members (2022 cohort) can submit a total of three (3) proposals for new projects one of which can fall within the funding Tranche 2 (up to \$180,000).

Current network members can submit the following:

• Proposals for new projects of three (3) proposals for new projects one of which can fall within the funding Tranche 2 (up to \$180,000).

- funding Tranche 2- \$180,000.
- Proposals to expand/scale previously awarded projects\*\*, beyond the threbutlined in (1). Any number of these can fall into either funding Tranche 1- \$90,000, or Tracke 2 - \$180,000. Budgets should be inclusive of an indirect rate, set at 20% of total direct costs

Proposals that received funding from the PIT-UN Challenge in 2019 and have received two (2) additional years of funding in 2020 and 2021 are not eligible to apply of additional funding.

Proposals that received funding from the PIT-UN Charlenge in 2019 but only received one year of additional funding in either 2020 or 2021 may apply or additional funding this year to continue and/or scale their project.

#### Before you hit SUBMIT

Please make sure that you have invited the Principal Investigator as a collaborator to this application and they have accepted the invitation. If the Principal Investigator is not accepted their invitation to this application and you submit the application, there is no way for our teams to communicate with the Principal Investigator throughout the grant award process.

To review how to add the Principal Investigator:

In the upper right-hand corner of this application, you will see a link Invite Collaborators. Click on Invite Collaborators. A Dialog box will appear, asking you to enter the email addresses of your collaborators. Enter those addresses, then click Invite.

Invited collaborators will receive an email, letting them know you've invited them to collaborate on a draft submission using Submittable.

After you've sent invitations to collaborate, you can click on the nvite Collaborators link again anytime to see the status of your invitations. In the row for each invited who has not yet accepted their invitation, you will see a Pending indication. There will also be a trash can next to each person's name so that the Submission Owner can remove anyone that they rollonger want to collaborate on the submission. The Submission Owner is always the person who has sent invitations and will be the only user who can submit the application after it is completed by the group. Collaborators will be able to contribute responses and save drafts at any time.

I confirm I have divited the Principal Investigator to be a collaborator on this application.

Before checking this box, make sure you have invited the project's Principle Investigator to this application.

confirm the Principal Investigator has accepted the invitation to be a collaborator on this application and has accessed the application.

Before checking this box, make sure the Principal Investigator has accepted the collaborator invitation and has OPENED this application.

Save Draft **Submit Form** (/forms/initial/edit/40eb680b-cfe2-4a84-9e0c-d34e10a24f35)
